

8/07/12

Minutes of a Town of Riverhead board meeting held by the town board of the Town of Riverhead at Town Hall, Howell Avenue, Riverhead, New York on Tuesday, August 7, 2012 at 2:00 p.m.

**PRESENT:**

Sean Walter,	Supervisor
John Dunleavy	Councilman
James Wooten,	Councilman
George Gabrielsen,	Councilman
Jodi Giglio,	Councilwoman

**ALSO PRESENT:**

Diane M. Wilhelm,	Town Clerk
Robert Kozakiewicz,	Town Attorney

**DEPARTMENT HEADS PRESENT:**

Ray Coyne  
Michael Reichel  
Dave Hegermiller  
Chis Kempner  
Rick Hanley

(The meeting was opened at 2:00 p.m.)

Supervisor Walter: "Are we ready? Are we alive? All right, welcome to the August 7<sup>th</sup> town board meeting, we have lots of people here and a dog.

Let's see here. Ray, could you lead us in the pledge to the flag?"

(At this time, the Pledge of Allegiance was recited, led by Ray Coyne)

Supervisor Walter: "It's so great to hear all the kids.

Pastor Saladon, would you like us to stand or sit?"

Pastor Saladon: "You can sit."

Supervisor Walter: "Okay. Pastor Saladon who is from Living Water Full Gospel Church us going to do our invocation."

Pastor Saladon: "Good afternoon everybody, Supervisor Walter, Town Council people. Let's just bow our heads.

Father we thank you for town government like this, Lord God that honors you. We thank you Lord God that you would empower them, you'd give them wisdom, there be unity.

Father we thank you. They've done great things. And Father we thank you, they're going to do even greater things for the Town of Riverhead.

Bless this meeting and bless Riverhead in Jesus' name.

Amen."

Supervisor Walter: "Thank you, Pastor Saladon, appreciate that.

You know what? We have our Sonya here. Why don't we take care of Sonya first. Where is Sonya? Sonya is a- we're going to come up and meet Sonya.

Wow, she's a good looking dog there. Sonya is a American Staffordshire Terrier mix, gender female, spayed and she's six years old and she is a good looking dog and she is available at the animal shelter.

Jessica, what's the phone number? It's 369-6189. Wow, look at all you kids out there. I bet one of your parents would love you to go home with this beautiful dog.

Jessica, how long has Sonya been at the shelter?"

Jessica: "Sonya has been there a little over two years at the shelter."

Supervisor Walter: "Two years. We really need to get

Sonya- Sonya's been there two years and you can see, she's very friendly. Gets along with dogs, no kitty cats, and gets along with the little children up in the front row there so maybe we could- she is a really good dog. Maybe we could get Sonya adopted."

Jessica: "-- vacuum cleaner, especially little kid- "

Supervisor Walter: "Well, hopefully somebody in our audience will adopt Sonya. Jessica, thank you for bring Sonya.

All right. So we've got National Night Out here and Robert Dunigan Schwing Electric and we have certificates of appreciation for nine poster winners which I think we have all six- somebody inverted them.

These are the poster winners and I think the names are right on the poster winners and I guess the six children are here. Robert, the six children are here? All right, call this one up.

All right, well, you know what? Bob, you want to talk about National Night Out first?"

Lt. Rick Boden: "I'll come up. Thank you, Supervisor. Thanks again for having us and for the children showing up for the poster contest. This is the 29<sup>th</sup> year of National Night Out- or 23<sup>rd</sup> year of National Night Out of which the Riverhead police department has been involved I think all 29 and I haven't been there quite that many years but it's getting there.

Bob Dunigan and Schwing Electric has been involve 23 out of those years. We were just discussing coming up on 25 years for them. It's a little involvement between us.

And National Night Out is just- it's a signature event for neighborhood watches throughout the country where you get together, you hopefully come outside, meet your neighbors, put an outside light on. It just signifies everyone is kind of looking out for their neighbors, looking out for each other in partnership with the local police department.

In Riverhead we have upwards of about 40 or 50

neighborhood watches, they're not all active, but they have been over the years and they've been a great help to the police department and I think all the people that's been involved think it's a plus, so if anyone out there is interested in joining, call the police department, we'd be more than willing to get you started with joining a neighborhood watch.

Part of what we do every year to kick off National Night Out, we have a poster contest with the local summer community youth program which a lot of the children are here from. So we have winners in each age group and Bob and I were just discussing maybe we've been doing this too long. We normally have six winners and today I think we have nine. So we're going to have them to come up for some prizes.

So if you don't get a prize today we promise you, we will get you the prize. Chief has deep pockets over there so he's going to take care of it. But we do have a dog, too."

Supervisor Walter: "Do you want to tell them we have a proclamation? I'm not going to read it, but Lt. Boden has basically told us what National Night Out is and, Bob, you probably have 23 of these proclamations so we'll give you- 22- here's your 23<sup>rd</sup> proclamation from the town. Things are a little bit cheaper now as finances dictate so you don't have the nice bound background.

So we have- we've got- John's got them sorted. How do you have them, by first place, second- "

Councilman Dunleavy: "Here we go. Age and first second and third."

Supervisor Walter: "Okay. So we've got- I guess we're going to call up Matthew Alonzo."

Lt. Rick Boden: "First place. Matthew is the first place in the seven and eight year old group. And some of the posters are hanging out on the wall and they all have a theme of crime prevention National Night Out, keeping your lights on and things of that nature."

Robert Dunigan: "First prize is four tickets to Splish Splash."

Supervisor Walter: "Matthew, here's a proclamation for your wall. All right. We're still in the seven and eight year old category and the second place goes to Sarah Jones."

Robert Dunigan: "Sarah gets four tickets for miniature golf here in town."

Supervisor Walter: "Sarah, you get a foursome for miniature golf in town. Shake my hand there, Sarah. At the end, what we want to do is get all the people up at the end and everybody that received an award, we're going to ask you to come back up so we can get one group shot of everybody so that way- .

Okay, the third place for the seven and eight year old is Jaden and is it Starcetti (phonetic), Stacki (phonetic). There you go. Jaden, there you go."

Robert Dunigan: "And you get a gift certificate for ice cream at Snowflake."

Supervisor Walter: "Ice cream is good stuff. All right. And then we've got- the five and six year old. Okay, well, there was a first place, Kyle Kalen (phonetic) in the five and six year old night. Kyle is not here so we will keep this and we will give him the prize- keep that together.

You guys are going to kill me with these last names. Second place, William- somebody give me a hand, Dalazon (phonetic), William Dalazon, second place. Congratulations. There you go young man."

Robert Dunigan: "And you also get four tickets for miniature golf and some toys to keep your parents happy."

Supervisor Walter: "You know what? William, those are good in the car when your parents are driving to Florida. I'm kidding. William turn around, there you go. Okay.

We've got third place, Alexander Santoro for the five and six year old. Shake your hand, give you the proclamation."

Robert Dunigan: "You get ice cream at Dairy Land. Congratulations."

Supervisor Walter: "Okay, so we have two first place winners, which one is second because we have two first place.

Okay, so we have the first place winner for the nine and twelve year old is Victoria Santoro. We are going to have to get you your prize. Mr. Dunigan is going to make a personal pledge."

Robert Dunigan: "You'll get your four tickets for Splish Splash."

Supervisor Walter: "All right. Is that worth it?"

Okay, second place is Hannah Ray Crump (phonetic) for the nine and twelve year old. Congratulations."

Robert Dunigan: "And we're going to get you a (inaudible) for miniature golf. Okay?"

Supervisor Walter: "Okay, now this one comes under close enough for government work. Savannah Springer is our third place prize winner but as luck would have it, it says first place on this. So Savannah you are the third place, come on up. But you're getting something that says first place. Congratulations."

Robert Dunigan: "Congratulations, and we're going to get you a certificate for ice cream, Snowflake."

Supervisor Walter: "All right, thank you very much. Can we have all the winners come on up so we can sort of take a group picture with everybody for the newspapers? We're going to take a picture. Stand in front here so we are going to get all the winners, a group picture. Everybody that won something, come on up. Okay."

(Some inaudible comments)

Supervisor Walter: "All right. Thank you very much everybody."

Ray, why don't you come on up and the boys and girls with just— boys and girls if you could just pay attention for a moment because this is something that I want you guys to know

about.

Ray, I'd like to have you bring up Paul, Emma and Patrick. Are all three of them here? Come on up Paul, Emma and Patrick. Colleen, come on up; Jo Ann come on up.

It's not- all right, guy, pay attention because this is something- all right. This is not something that you are going to hear everyday but this is really- makes my job as Supervisor all the better.

You see there's a man walking on the face of this earth today because of what these folks did and I don't know whether they realize the gravity of what they did but I'm going to tell it yet again.

And I don't know the full story. I just know that there was a gentleman off Reeves Beach, he was in a kayak without a life preserver and I just spent some time camping in Lake George and I saw a lot of people in kayaks without life preservers. That is not a good move. And you young men and women and your parents out there, if you're kayaking wear your life preserver.

A kayak rolls over and the gentleman decides that he's going to leave the kayak. That's the first- second mistake. You don't leave the kayak, you stay with it to hold onto it to float, it's easier to find somebody that way.

And he decided to swim to shore. And his wife frantically ran over to the lifeguards and, Paul, I think you were the one on the stand. Who was on the stand? You were on the stand? Okay. Emma was on the stand.

They ran over, they closed the beach. Who swam out to get him? And as they're swimming out to get him, they closed the beach, cleared the people out of the water. As Paul swam out to get him, I guess the gentleman started to look like he was going under.

If it were not for these individuals here, this wouldn't- we wouldn't be giving proclamations. We would have attended a funeral.

And so I want you to understand a couple things when we explain about life preservers and staying with your boat, but life is precious and it can end in a second and I guarantee you that that man did not think that his life was almost over at that moment.

And for these young men and women to do what they did to save that man makes me so proud to be the supervisor, it- and I know it makes the Board proud and I cannot imagine what it feels like to think that there's somebody walking on the face of the earth that would not be there but for your actions.

So we have more people- it was a team effort."

Councilman Dunleavy: "It was a team effort. I mean everybody, the lifeguards and the beach attendants worked together. The beach attendants called the police department to get the emergency services down there, so it was a team effort that this team put together."

Supervisor Walter: "Absolutely. So we've got certificates for Paul, on behalf of the town board, we want to thank you. Emma, on behalf of the town board, we want to thank you. Patrick, on behalf of the town board, I want to thank you.

It's people like you that make the beaches safe and we're really happy and keep up the good work."

Councilman Wooten: "The Sound Park Heights president, Eric Biegler, wanted to also send his thank you and he wants you to have this from him and their association, a \$20.00 gift card to Sports Authority, Paul, that's for you, Emma, thank you. Great training. Thank you guys."

(Inaudible comment)

Supervisor Walter: "Colleen, Jo Ann, I thank you very much. Thank you very much.

All right then. Well, did you take your pictures? Take care everyone.

Okay. All right. I think the children have exited and,

John, if you'd make a motion- "

Councilman Dunleavy: "I make a motion that we approve the town board minutes for July 17, 2012. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The minutes are approved."

Supervisor Walter: "Okay, Diane. Reports."

Diane Wilhelm: "Under Reports."

#### **REPORTS:**

Tax Receiver	utility collection report, July, 2012 - \$470,204.42
Building Dept.	monthly report June, 2012 - \$48,263.17
Building Dept.	monthly report, July, 2012 - \$64,523.00
Town Clerk	monthly report July, 2012 - \$12,408.48
Police Dept.	monthly report, June 2012
Sewer District	discharge monitoring report, June 2012
Fire Districts	Manorville Fire District financial statements 2011

#### **CORRESPONDENCE:**

Landmarks Preservation Commission	letter to ZBA board members regarding McCarthy's on the Green, Inc., Old School House Brewery,
-----------------------------------	--

5117 Sound Avenue

Dave Koroleski & letter regarding the new drainage  
Greg Dickerson plan in the Olde Vine G.C., golf  
courts on Tyler Drive

**APPLICATIONS (pending Town Board approval)**

Chapter 90 Martha Clara Vineyards - tent  
permit - July 20 - Sept. 14

Martha Clara Vineyards - annual  
Oktoberfest - Sept. 8 and 9, 2012

Dean Delprete - 5K race and  
obstacle course - Sept. 8, 2012

Hallockville Museum Farm -  
country fair - Sept. 15 & 16

Rail Road Museum - train play day  
Oct. 6 & 7, 2012

Change of Zone Genrac Associates - requesting  
change of zone from APZ to  
Residence RC district - develop-  
ment of an assisted living  
retirement community - SCTM#  
0600-101-2-4.1

Diane Wilhelm: "And that's it."

Supervisor Walter: "Okay. Any other committee reports?"

Councilwoman Giglio: "I would just like to say that the path at EPCAL, the highway superintendent, George Woodson, and I went out there and he has mowed both sides of the path so we will have buildings and grounds there spraying for ticks and chiggers and the path is open and we invite you to ride your bikes, get healthy here in Riverhead."

Supervisor Walter: "All right. That way Pickleball Artie- Pickleball Artie (phonetic) is probably not watching this but it's done, see, thanks to Councilwoman Giglio it's done. He wanted me to buy him a lawnmower so he could do it himself."

Councilwoman Giglio: "And Geo Woodson. We're going to hopefully be putting up a program where you adopt a mile and then you can put up a sign, you can maintain that mile of the path and it will help the town to keep the path cleared."

Councilman Woodson: "So it's all coming together. We've got a parking lot to park your cars, take off your bikes, so the park will be there. The park is open and ballfields to follow."

Councilman Dunleavy: "The bike path is almost four miles long so if you want to bike for eight miles all you have to do is go down the bike path for eight miles. And if you want to make it longer, you can go up to the runways and bike up to the runway and- "

Supervisor Walter: "No, no, no. You can bike around the whole perimeter and come down- because people don't know that's an active runway."

Councilman Dunleavy: "We're working on it- "

Councilwoman Giglio: "John and I are working- "

Councilman Dunleavy: "-- we're working on all the way around but right now, that one is inactive."

Councilman Wooten: "So it's right next to the parking lot. It's Line Road (phonetic). You can go down Line Road and come back. There's a gate at the end that (inaudible). That will give you an extra mile."

Supervisor Walter: "It's long- I took my kids around. We biked the entire way around to Line Road and then came down Line Road and back. It's a long ride."

Councilman Dunleavy: "It is. And you're not with traffic."

Supervisor Walter: "You're not with traffic but you are with ticks and chiggers. That I can tell."

Councilman Dunleavy: "Well, it was just mowed and sprayed, so- "

Councilman Gabrielsen "We're hoping."

Councilwoman Giglio: "Yes. We're getting there."

Supervisor Walter: "Okay. Any other committee reports? No. All right. We have three public hearings."

Public hearing opened: 2:29 p.m.

Supervisor Walter: "The first one is scheduled for 2:05. It's for the consideration of a local law amending Chapter 101 entitled Vehicles and Traffic of the Riverhead town code, Article III, traffic regulations, Section 101-7 turns East Avenue southbound and Northville Turnpike."

Councilman Dunleavy: "Can I explain this?"

Supervisor Walter: "Yes, go ahead, John."

Councilman Dunleavy: "This is coming out of St. John's Church to Northville Turnpike. There's a dangerous curve just north of East Avenue and you are almost around it and then you hit East Avenue."

So what we're doing is limiting the left turns out of East Avenue onto Northville so that when you come out of there all you can do is make a right turn to go to Roanoke Avenue.

And that's what this is for."

Supervisor Walter: "Okay. Anybody wish to be heard on this matter? Yes, if you could just stand up and state your name and hamlet for the record. Just pull it down."

Antoinette Carbone: "My name is Antoinette Carbone; I'm on the traffic safety committee with Councilman Dunleavy."

And while this problem will continue because the

visibility is the issue at this intersection. The turn is quite sharp at East Avenue and Northville. Right hand turns are safer than left hand turns so as Councilman Dunleavy said it will make it a bit safer.

However, I exit that about four times a week when I'm working up at the church and I have to tell you even making a right hand turn, you must come into the roadway in order to have visibility what's coming south. It's coming southeast actually.

The house on the northeast corner of East Avenue has a high hedge and that hedge is camouflaging about five or six vehicles on the front lawn. Without it, it would be a real eyesore. But at the same time, it's creating a safety issue.

The code for the town of Riverhead is convoluted with regards to visibility. It needs to be re-worked, it needs to be put in plain English, it needs to be simple and understandable by any property owner. Not that one has to go out there with a surveyor to find out what the angle is and that's how it's written presently."

Councilwoman Giglio: "We're working on it."

Councilman Wooten: "Antoinette could— would you agree or disagree with or without the hedge? Let's say you would still prefer a right turn only out of that? That's what we're addressing now."

Antoinette Carbone: "Oh, definitely. Right turn only even if it didn't have—"

Councilman Wooten: "Okay, thank you."

Antoinette Carbone: "-- I mean if the hedge came down, a right hand turn is so much safer than a left hand turn. That road is an angle. That's why. It's not a true "T", you know what I mean? It's— the angle is so sharp. That's where it's sharpest coming down Northville."

Councilman Wooten: "And they scoot along there too."

Antoinette Carbone: "And, you know, so I think you have

a situation that you are helping a bit but you really have to address the real problem and that's the visibility issue."

Supervisor Walter: "I thought we sent the highway superintendent out there to look at it. Are those hedges in the town's easement? I thought they were not."

Councilwoman Giglio: "I understand what you're saying. We have looked at the town of Brookhaven's code and we are looking at changing the code and putting actually a picture in there so they can get an idea and Chief brought it to code revision's attention and Mr. Kozakiewicz is researching the other townships as far as site clearances for corner lots and for parcels that are on a major roadway.

So we are looking at changing the code."

Antoinette Carbone: "I know we talked about that at our last meeting, the July meeting. But I just wanted to mention it because that's the real problem. The right hand turn is definitely needed. It's so much safer.

I'm even in favor of one way streets in certain areas of the town, not here because you have private property. There's no way you could exit out."

Supervisor Walter: "If this were— my question was did we send somebody out to find out if the hedges are in the easement area? Because if they're not in the easement area, if they're on private property, we may be a bit limited in what we can do."

Antoinette Carbone: "I don't know if it's in an easement area because Mr. Woodson the superintendent of highways doesn't always attend our meetings, so when this would come up we have no way of getting an answer immediately."

Councilman Dunleavy: "No. We have to change our code so there's a measurement from the curb line back to where the growth is. Right now it's a triangle. You are going to have to get a survey to get— "

Antoinette Carbone: "It's ridiculous because this isn't the only corner with a problem, you have several corners and

people don't know how to figure out-- the way it is now with the triangle and you've got so many roads that are curved. They don't come in like a grid. And you have to address those issues because there will be times you are going to widen the road so that curve is going to move and you don't want to have to re-do the code every time we change something."

Councilman Wooten: "I'll check with Geo tomorrow."

Councilman Dunleavy: "Geo was down there."

Councilman Wooten: "Oh, was he?"

Councilman Dunleavy: "Yeah. Well, he said there's nothing they can do because it's not in our easement and- "

Councilman Wooten: "They measured then. Okay."

Supervisor Walter: "Even if you re-do the road, if it's not in the easement it's private property. That's more problematic. Even in you take a measurement that it's on private property, it's more problematic."

Antoinette Carbone: "The thing is in other towns, and I'm very familiar with the town of Brookhaven because I lived there over 30 some odd years, I'm only a recent arrival here. I'm only here seven years."

The language does not make it easy for a citizen to understand when he has to take down his bushes. The other towns have plain English, ten feet from the curb it has to be cleared. What's so complicated about that? Fifteen feet from the curb, whatever number you come up with.

The thing is even if it's on private property and you've got a bush in that 10-15 feet, it comes down. The safety of the community is first before the bush. A human life is more important than a hedge."

Councilman Dunleavy: "I agree with you. We have to change our code and anything within the footage that we put down has to be clear so someone-- but also our stop lines are not in the right place either when the highway department put them in. So the stop lines also have to be adjusted so they're

where you can see."

Antoinette Carbone: "I can tell you personally because as I said I come out of that location at least four times a week if not more. If there was a stop line, I would stop there but if I have to see what's coming around that curve and one time a bus was coming, a school bus was coming around at a good clip, I have to go into it to see. So the stop- sure, I can stop here but if I'm going to proceed, I have to proceed cautiously."

Councilman Dunleavy: "Like I said, the stop lines have to be moved closer to the intersection so you don't stop back at the stop sign, you stop closer to the intersection. I was told they're doing that."

Antoinette Carbone: "That- in this particular- "

Councilman Gabrielsen: "And that's an issue throughout the town. Eric is saying the same thing. They've got high bushes right to the corner. You've got to get into traffic to make your right."

We've got to look at changes or put some kind of code enforcement- "

Councilwoman Giglio: "The town attorney has sent the other codes from the other township to the Chief and I believe he'll be discussing it at your next traffic- "

Antoinette Carbone: "At the August meeting- "

Councilwoman Giglio: "Yes."

Antoinette Carbone: "-- I's sure we will. Thank you."

Supervisor Walter: "Thank you very much for your service on the committee."

Antoinette Carbone: "You're welcome."

Supervisor Walter: "Okay. Good afternoon."

Frances Friszolowski: "Good afternoon. My name is

Frances Friszolowski. I live on Northville Turnpike in Riverhead."

Supervisor Walter: "These are not your hedges, are they?"

Frances Friszolowski: "No, they are not my hedges. But they always seem to be— the code is I think three foot— they always seem to be cut back. All you have to do is write a letter to the man, the man cuts them back.

But I am all in favor of only one way, make the right, that's fine with me. I'm all in favor of it."

Supervisor Walter: "Thank you."

Frances Friszolowski: "I live across the street."

Councilman Gabrielsen: "So you're saying the code— there is a code and it says you have to keep it down to three feet?

Frances Friszolowski: "Yes. And previously before these people owned the lot, the town would send them a letter and say your hedges are getting high and they would go out and cut it down to three feet."

Councilman Dunleavy: "Mr. Woodson— Geo Woodson has been doing that."

Supervisor Walter: "Okay. Does anybody else wish to be heard on this? Not seeing anybody we will close the public comment portion and leave it open for written comment until August 17<sup>th</sup> at the town clerk's office."

Public hearing closed: 2:39 p.m.

Left open for written comment to  
August 17, 2012 in the town clerk's  
office

---

Public hearing opened: 2:40 p.m.

Supervisor Walter: "We have a second public hearing scheduled for 2:10 p.m. and 2:10 having arrived and left.

This is a consideration- I'm going to open this up. This is for the consideration of a local law amending Chapter 101 entitled Vehicles and Traffic of Riverhead town code, Article III traffic regulations, one way streets, St. John's Place.

John, I guess this is- "

Councilman Dunleavy: "Okay. This is St. John's Place where St. John's School used to be, it was a one way street. The school buses used to come in from Northville Turnpike and stop and drop the kids off and that was one way in that direction.

Now we have the fire department has built on the intersection and they use the street both ways, there's no school there anymore. So what we're doing is we're turning it back into a two way street and taking out the one way designation of that street."

Supervisor Walter: "Okay. Does anybody wish to be heard on that?"

Councilman Wooten: "It's certainly wide enough."

Frances Friszolowski: "Frances Friszolowski, Northville Turnpike. Same thing, across the street.

I disagree with Mr. Dunleavy. The fire department does not use it in both directions. The fire department uses their in and out in both directions but not the street.

I don't think St. John's Place should be a two way street. I think it should be a one way street going north up to St. John's.

People come in and out of there. They do not pay attention to stop signs or anything. Now you've got a traffic light on Roanoke Avenue and Northville Turnpike. Traffic is constantly backed up. You are going to have worse of a backup problem, accidents there if you make it a two way street."

Councilman Dunleavy: "The fire department has an entrance on St. John's and an exit on St. John's. You cannot exit- you're not supposed to exit on Roanoke Avenue.

There's a no- a think says no thru traffic on- at East End and the firehouse."

Frances Friszolowski: (Inaudible comment)

Supervisor Walter: "Fran, come on up to the podium, I'm sorry."

Councilman Dunleavy: "Yeah, I can't hear you."

Frances Friszolowski: "There are no signs or anything there. I'm part of the ladies auxiliary and my women go in and out Roanoke Avenue- "

Councilman Dunleavy: "Yeah, but the sign is no thru traffic. On the right hand side, there's a sign, no thru traffic. Firemen only."

Frances Friszolowski: "Okay. I- "

Councilman Dunleavy: "Firemen only are supposed to park there."

Frances Friszolowski: "Well, that's what I am, ladies auxiliary."

Councilman Dunleavy: "It's only a small parking lot. And they have affairs there, and they have everything else there."

Frances Friszolowski: "Right. And people go to the fire department, they should go out onto St. John's Place, the back end, go up and go out Fifth Street."

Supervisor Walter: "That's funny because I think I probably come out of- on St. John's Place, make a right, and go the wrong way. I think everybody probably does that."

Councilman Dunleavy: "See, that's why- yes."

Supervisor Walter: "Or at least that first section there."

Councilman Dunleavy: "That's why we're doing it."

Supervisor Walter: "Does anybody else wish to be heard on this matter?"

Not seeing anybody, we'll leave it open until, close the public comment portion, leave it open for written comment until August 15."

Public hearing closed: 2:43 p.m.

Left open for written comment for 10 days to August 15, 2012, in the town clerk's office

---

Public hearing opened: 2:45 p.m.

Supervisor Walter: "Okay. We've got a third public hearing, 2:10, excuse me, 2:15, the consideration of a local law amending Chapter 37 entitled Retirement of the Riverhead town code, Article IV, early retirement incentive program for eligible full time police officers who are members of the Riverhead Police Benevolent Association, Inc. (PBA).

The— just in a nutshell, there's been— the town has been offering retirement incentives to try to encourage some of the employees to take advantage of that and, Dan, would you like to address the board on this incentive?"

Dan McCormick: "Sure."

Supervisor Walter: "Come on up to the podium. Dan McCormick is a member of our town attorney's office."

Dan McCormick: "Pursuant to town board directive, I was asked to draft what would be the fifth early retirement incentive program for the town of Riverhead as a modification of the previous section No. 4.

The purpose of this particular section is to avoid potential layoffs in the town of Riverhead in that holistic sense.

Obviously this particular incentive addressed full time police officers but the board as you know has to address the budget from the holistic standpoint. Hence the purpose of this early incentive retirement program strictly related to our Riverhead finest full time police officers."

Supervisor Walter: "Okay, thank you. Does anybody wish to be heard on this subject? Not seeing anybody I will close the- go ahead- "

Greg Conrad: "Greg Conrad, Riverhead, New York."

Supervisor Walter: "Greg Conrad?"

Greg Conrad: "Yes, sir. Is the intent of t he- in other words, police officers will leave and will not be replaced?"

Supervisor Walter: "No. They'll be replaced but the- at a lower salary and- "

Greg Conrad: "Yeah, I get- the intention is not to eliminate positions in the police department?"

Supervisor Walter: "No. We, in fact, we have canvassed- there is an academy- an upcoming academy. We have canvassed and we're hoping to replace those- "

Greg Conrad: "I mean I'm all for it. I don't mean to interrupt you, sir. My concern was (inaudible)."

Councilman Dunleavy: "We're replacing them with lower salary employees and letting the higher salaried employees retire."

Greg Conrad: "Outstanding. I myself took advantage (inaudible)."

Councilman Wooten: "And you know, Greg, as a retired law enforcement man yourself, the new tier system is now a tier 6 so there's advantages to municipalities."

Greg Conrad: "No. I get the legislation. I, again, my concern is we wouldn't have enough cops out there."

Councilman Dunleavy: "I don't think we have enough police officers now myself."

Greg Conrad: "I agree with you, sir. I agree absolutely."

Supervisor Walter: "Okay. Anybody else wish to be heard on the matter? Not seeing anybody we'll leave it open for written comment until August 17."

Public hearing closed

Left open for written comment  
until August 17, 2012

---

Supervisor Walter: "Okay. Now we open the floor up for comments on resolutions. Sal, how did we do."

Sal Mastropaolo: "Not bad."

Supervisor Walter: "Sal is our- if you don't know- is our resident editor. Unpaid. Yeah, we should really- "

Sal Mastropaolo: "Resolution 610, the second Whereas. You've got two sets of dates in there."

Robert Kozakiewicz: "The resolution is being withdrawn."

Sal Mastropaolo: "Okay. 613, just a quick question. Are they suing over the Jay King (phonetic) approval?"

Supervisor Walter: "Which one is this? Yes."

Councilman Wooten: "Actually the challenge is the ZBA."

Sal Mastropaolo: "614. Is Great Rock suing over the special permit use?"

Supervisor Walter: "Yes."

Sal Mastropaolo: "Which they're taking advantage of. Thank you.

621. Two questions. One is should this have gone out to bid? And why not the highway department doing it?"

Supervisor Walter: "Hold on."

Robert Kozakiewicz: "The first part is no because the amount of service doesn't meet the statutory requirements for requiring it to go to bid."

Sal Mastropaolo: "So six thousand is- doesn't require a bid?"

Robert Kozakiewicz: "That's correct. I believe that the town process would have been a procurement process which would have been proposals. We would have received a number of proposals and then selected the lowest amongst the proposals pursuant to the town procurement policy."

Sal Mastropaolo: "Oh, Geo wasn't interested in doing it?"

Supervisor Walter: "When Geo does it, he charges us back so sometimes it's- "

Sal Mastropaolo: "So it's keeping money in house."

Councilman Wooten: "I'm not sure- I think he took the house down but he's- "

Robert Kozakiewicz: "Yeah, he was involved with the initial tear down the house because of a motor vehicle accident."

Councilman Wooten: "Well, there was a fire, wasn't there?"

Councilman Dunleavy: "Yeah, the house went on fire."

Supervisor Walter: "It was cheaper to do it this way."

Councilman Dunleavy: "And then there was an accident

after that."

Robert Kozakiewicz: "There was a motor vehicle accident, a car came in contact with the house- "

Councilman Dunleavy: "Right. It was after the fire."

Robert Kozakiewicz: "Caused the house to be one where there was a called made by the fire marshal that it was in danger of falling down. The house was taken down and then the debris was there and we've been working with the process in order to facilitate it and this is a culmination of that."

Sal Mastropaolo: "Okay. 630. At the last meeting, I brought up a concern about not waiving fees for St. John's Church and now we're waiving building department fees for the East End Arts Council and I rest my case. Thank you."

Councilman Dunleavy: "Well, this is our building, our property."

Supervisor Walter: "Dominique, yes, what do you have?"

Dominique Mendez: "Dominique Mendez, Wading River. Very quick question. Can you- Resolution 612, authorize the settlement of legal action by Anthony Wayne Smith."

What is that in reference to? Can you give me a little bit more than Anthony Wayne Smith?"

Councilman Wooten: "It's a lawsuit with- against the police department."

Dominique Mendez: "Oh, the police department? Oh, okay."

Councilman Wooten: "Nothing that has to do with zoning."

Dominique Mendez: "Thank you very much. I thought you said nothing to do with Tony. I'm like I hope not."

Councilman Wooten: "No, nothing to do with zoning."

Dominique Mendez: "Thank you."

Supervisor Walter: "Okay. Does anybody else wish to be heard on resolutions? Not seeing anybody— first we have a CDA resolution."

Councilman Dunleavy: "I'd like to make a motion that we close the town board meeting and open the community development agency meeting. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes."

Meeting adjourned

Meeting re-opened

Supervisor Walter: "Okay."

Resolution #583

Councilman Wooten: "583 is the Calverton sewer district budget adjustment. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #584

Councilman Gabrielsen: "Fort Pat Motel Miamogue Park capital improvement project budget adjustment. So moved."

Councilwoman Giglio: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen."

Councilman Gabrielsen: "I just want to point out the park is almost finished. This is the fence between the parking lot and the playground equipment.

Yes."

The Vote (Cont'd.): "Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #585

Councilwoman Giglio: "General town landfill water testing budget adjustment. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio."

Councilwoman Giglio: "This is the result of an unfunded mandate from the state of New York for everybody to close their landfills and once you close the landfill and expend all that money, then you have to test the water to make sure that everything is coming up clean. So we have no choice.

Yes."

The Vote (Cont'd.): "Gabrielsen, yes; Wooten, yes; Dunleavy."

Councilman Dunleavy: "I'm going to say when we closed the landfill we only had to test it once a year. Now the state is saying we have to test it four times a year. So it's, again, like Councilwoman Giglio said, it's an unfunded mandate so it's just costing us more money to test this.

So I vote yes."

The Vote (Cont'd.): "Walter, yes. The resolution is adopted."

Resolution #586

Councilwoman Dunleavy: "General town budget adjustment. So moved."

Councilman Wooten: "Seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #587

Councilman Wooten: "This is a general fund to highway budget adjustment. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #588

Councilman Gabrielsen: "Authorize attendance of assessor at seminar. So moved."

Councilwoman Giglio: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen."

Councilman Gabrielsen: "I think this money is going to be reimbursed by the state."

Councilman Dunleavy: "Yes, it is."

Council Gabrielsen: "So I'll approve it. Yes."

The Vote (Cont'd.): "Wooten, yes; Dunleavy."

Councilman Dunleavy: "I vote yes because it is going to be reimbursed to us by the state."

So I vote yes."

The Vote (Cont'd.): "Walter, yes. The resolution is adopted."

Resolution #589

Supervisor Walter: "I just want a discussion. Chris is still here."

How did we select Habitat for Humanity on Resolution 589 which is 75 Phillips Street, Riverhead?"

Chris Kempner: "We had had another parcel that we bid out and it came back for about 120-150 (inaudible)."

Supervisor Walter: "Come over to the microphone. I wasn't here for the work session."

Chris Kempner: "These are the parcels that the county has given because of tax default so under the 72-H program they offer the town first if it has a structure on it for- "

Supervisor Walter: "I know that. Why- how did we select Habitat for Humanity?"

Chris Kempner: "There was another parcel that they had offered to us and we actually went through the bid process and they came back 120-150 thousand and we didn't really have the funds to do that without taxpayer money so Habitat for Humanity works with (inaudible) Equity and their own funding to do it for free with the town as a joint project. And it gives an opportunity for the town to get involved with the community to bring a house on the market."

Supervisor Walter: "Okay. Is that- we don't have to do an RFP for something like this then?"

Chris Kempner: "They are a non-profit that works with the county on these types of projects. I mean we could do an RFP but they- "

Councilwoman Giglio: "And they also have a program where the owner has to live there for 10 years, otherwise it's first

right of refusal and it goes back to Habitat for Humanity and they put another family in the home so they're not selling it for a profit. They are re-habing it with (inaudible) Equity and getting the community involved."

Supervisor Walter: "My only concern was- I just want to make sure- because in the past we've dealt with RFP's."

Chris Kempner: "We RFP'd for the rehabilitation and it came back with a budget attached to it and then in the previous house we actually transferred it to Habitat directly. We're consenting for the county to transfer it to them to create affordable housing."

So it's not really in our ownership. I think that's how we developed this.

We went out to RFP on the first one without actually having ownership to get an idea of what it would cost if we did it having ownership of the property which is how we did those last 10 single sites."

Supervisor Walter: "Right."

Chris Kempner: "But I think this one we're going to consent to have it transferred directly to Habitat and then they'll rehabilitate- "

Supervisor Walter: "Then we're not even dealing with it?"

Chris Kempner: "No. We're just consenting that we want this for affordable housing and that we'll work to put it in the hands of Habitat."

Supervisor Walter: "Good, that's fine."

Councilwoman Giglio: "Otherwise we would have to take the house and we would have to spend 120 to 150 to rehab the house and then sell the house at an affordable price anyway, right?"

Chris Kempner: "And we've done that in the past but the market is different now so the market rate for a house is about

where the affordable houses are. We don't want to sit with you know these houses while the market- "

Councilman Wooten: "Habitat is a great program anyway."

Councilman Dunleavy: "And this is the best way to go right now."

Chris Kempner: "Yeah. It should be a good way for us to get involved with the community too because it's usually a community event and everybody comes together and builds a house together. We haven't really done it in a while in Riverhead with Habitat."

Supervisor Walter: "Is this the first one that had been redone in Riverhead? Is this that house that was redone as an affordable house?"

Councilman Wooten: "Oh, you mean the first Habitat- "

Chris Kempner: "There was one in the past that- a few years back that had been reconstructed. But I think this is a different parcel."

Supervisor Walter: "Okay, all right, thank you. Did we move it then? No, you've got to move it."

Councilwoman Giglio: "Requesting the conveyance of parcels from Suffolk County to the town of Riverhead affordable housing program. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

#### Resolution #590

Councilman Dunleavy: "Authorizes notice to bidders for sanitary pump station upgrades, hanger pump station Calverton sewer district contract # CASD-05-04 HPS. So moved."

Councilman Wooten: "Seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; "Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #591

Councilman Wooten: "This awards bid for GE evolve LED series Avery Post top street lights. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Discussion on this."

Is this- are these the streetlights- "

Councilman Dunleavy: "On Main Street."

Supervisor Walter: "On Main Street?"

Councilman Gabrielsen: "It's the 66 Main Streets lights we had going down."

Councilman Dunleavy: "And when they rebuilt that Main Street, yeah, they're going to remove the head which we're buying and replacing it on another post."

Supervisor Walter: "Well, that's the whole purpose of having my meeting with- last time Chris had the meeting with the DOT, they were talking about streetlights and things like that and I wanted to have our sidewalk meeting first."

So- because I want to make sure that we're not duplicating- "

Councilman Dunleavy: "No. That was my question."

Councilman Gabrielsen: "Ken made it very clear that if we replaced, you know, the stanchions later, it would be retrofitted with these bulbs (inaudible)."

Councilman Dunleavy: "Yeah, this is just the top of the

pole so it can be placed on any pole that they replaced it with."

Supervisor Walter: "I understand that completely. My question is where is our meeting with the DOT?"

Chris Kemnper: "They're working on the dates that are available and I did (inaudible) that we wanted as much sidewalk as possible. We would leave the (inaudible)."

Supervisor Walter: "Okay, all right, that's it. Jim, did you move it?"

Councilman Wooten: "I did."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen."

Councilman Gabrielsen: "I also want to point out the savings to the town are substantial because these bulbs are warranted for 10 years and the bulbs we have now we're switching every year because they're breaking down. So labor to replace them, the cost of the bulbs is definitely a big-- "

Councilwoman Giglio: "And the utility costs."

Chris Kemnper: "These fixtures are paid from by CDB funds so that's grant funded and that's going to save the town money because it's going from the standard lights to LED."

Councilman Gabrielsen: "The LED, right, it's tremendous."

Supervisor Walter: "I understand that. I just wanted to make sure we-- "

Councilman Gabrielsen: "That the state was going to give us the fixture too on top of the pole. Can we answer that question?"

Supervisor Walter: "No."

Chris Kempner: (Inaudible)."

Councilman Gabrielsen: "I understand that."

Supervisor Walter: "But we haven't answered-- we haven't had that question-- "

Councilman Gabrielsen: "I know they were going to change the stanchions, that's where we left it, but are they going to change the bulbs?"

Supervisor Walter: "That was my whole conversation before. That's why I-- "

Councilwoman Giglio: "But she just said that the furniture and the posts, that she was going to pay for that with CDBG funds and she was asking the DOT to just concentrate on the sidewalks. Didn't you just say that?"

Supervisor Walter: "No."

Chris Kempner: "At the work session (inaudible)."

Supervisor Walter: "I want to have a meeting-- we want to have a meeting with the DOT to see what they're designing. Because we have no idea what's in their minds and I don't want to be in a situation where we award this bid and all of a sudden they turn around and say, we're designing and we've already done this or we're committed to do this.

I don't know why they would but we haven't had that meeting yet so that was my point."

Chris Kempner: "They are just starting initial design so I can leave a message that we were-- "

Supervisor Walter: "I understand that."

Chris Kempner: "-- just got the (inaudible),"

Supervisor Walter: "I just wonder if it's prudent to wait."

Councilman Gabrielsen: "I wish Ken-- Ken's not here."

Because they may include the whole picture completely. Even though we'd rather have more money for the sidewalks, if we are going to push them into lights-- I think we're safe by approving these bulbs."

Councilman Dunleavy: "I just think we're in the middle of a vote now and this is not the place to have this discussion."

Supervisor Walter: "Okay, well-- "

Councilman Dunleavy: "Let's have it before the vote."

Councilman Gabrielsen: "We did and I think we-- Sean wasn't there."

Councilwoman Giglio: "I think that also when we send things out for bid, there's a certain time that the bid is good for and we have to act on it and either take the bid at face value or re-bid."

Councilman Wooten: "Right, we can award the bid and not order the service."

Councilman Gabrielsen: "Okay, so we can continue with the vote."

Diane Wilhelm: "Your turn."

Councilman Gabrielsen: "Yes."

The Vote (Cont'd.): "Wooten."

Councilman Wooten: "Well, I'd like to say-- yes."

The Vote (Cont'd.): "Dunleavy."

Councilman Dunleavy: "I'm going to say yes. These are the blue lights that are on the new cars so-- "

Councilman Wooten: "Oh boy. I vote no then, I take my vote back."

Councilman Dunleavy: "-- they're going to shine down and

not out so it won't blind you like the new cars do. But they are a better light.

So I vote yes."

The Vote (Cont'd.) "Walter, yes".

Diane Wilhelm: "The resolution is adopted."

Resolution #592

Councilman Gabrielsn: "Authorize the town clerk to advertise for bids on a 2012 wheel loader."

Supervisor Walter: "All right. Discussion. I'm sorry, I hate to do this to you guys.

Is this the front-end loader?"

Councilman Wooten: "I believe this is a bucket loader. I'm not positive."

Supervisor Walter: "Okay. My only concern is that John Reeve wants to retain our old front end loader from the highway department and typically those kind of inter-fund transfers were just done without a problem. But I don't know, do we have a commitment from- if George wants to use this as a trade, I don't know if we have a commitment from him that the town is going to retain this front end loader."

Councilman Dunleavy: "Well, this is- "

Supervisor Walter: "B&G could use it."

Councilman Dunleavy: "-- this is the first time we're hearing about this."

Supervisor Walter: "I know. It happens when you're on vacation."

Councilman Dunleavy: "That will have to be discussed at a-- "

Councilman Wooten: "I can tell you as liaison to highway

that B&G and highway work very closely together all the time. They need a tractor and they need this and they work together all the time. So I don't know why this would be any different."

Supervisor Walter: "That's not an issue. The issue is we don't want-- John Reeve doesn't want to lose the bucket loader."

Councilman Wooten: "He has a bucket loader in sanitation?"

Supervisor Walter: "He doesn't want to lose this bucket loader. He wants the bucket loader so that he can have one, so he can use it."

Councilman Wooten: "Oh, this is for a new bucket loader, not a-- oh, you think they're going to discard one, is that what you think?"

Supervisor Walter: "Yes. He wants to trade that one in to get a better price on the new one and I want to make sure-- because John Reeve said you're not going to get any kind of trade in price-- "

Councilman Wooten: "The bucket loader that John Reeve uses is the highway bucket loader?"

Supervisor Walter: "The bucket loader John Reeve uses is lent to us a lot of times."

Councilman Wooten: "But now they can have it because they're putting in for a new one."

Councilwoman Giglio: "No. But I think what Sean is asking is is Geo planning on trading in the one that we have to get this one at a better price? So I see it-- I mean, the bucket loader-- "

Councilman Wooten: "I-- you're looking for bids. I don't know if he-- I don't think he's made a deal as to how he's going to do that yet."

Councilwoman Giglio: "But he does have this in his

equipment budget and the bucket that he has right now is an asset to the highway department so I mean even though it's an asset to the town, I guess we would have to talk to him about that and see what he plans on doing with it.

I thought he was going to trade it in and going to buy-- get a better price on this one."

Councilman Dunleavy: "Again, this is only an advertisement for bids so we can discuss that at a work session. This is only to vote on a bid."

Supervisor Walter: "Okay. That's fine. That's good. Again, I'm sorry, I was on vacation."

Councilman Wooten: "I'd rather have GEO here to answer the question.:

Councilman Gabrielsen: "So I moved it. I moved it."

Councilwoman Giglio: "Second."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten,"

Councilman Wooten: "I don't know. Yes."

The Vote (Cont'd.): "Dunleavy, yes; Walter, no. The resolution is adopted."

#### Resolution #593

Councilwoman Giglio: "Accepts the resignation of a part time police officer. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

#### Resolution #594

Councilman Dunleavy: "Accepts the resignation of a part time police officer. So moved."

Councilman Wooten: "Second."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #595

Councilman Wooten: "Accepts the resignation of a homemaker. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #596

Councilman Gabrielsen: "Appoints an animal control officer I to the animal control division of the Riverhead town police department. So moved."

Councilwoman Giglio: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, no; Gabrielsen, no; Wooten."

Councilman Wooten: "Well, that's interesting. Jessica has been working-- "

Councilwoman Giglio: "Why? We discussed it."

Councilman Wooten: "We did, but it's still probationary for six months and a lot of this was anticipatory of a possible privatization of the shelter. So the whole idea of the temporary six months was to make sure we weren't being locked into union issues but with the probation there and the chance

that this might still take place, I just know with not having an ACO 1 up at that animal shelter is going to create because we've dealt with this before and we just can't do-- we're already down a kennel attendant and we're down to one part time-- "

Supervisor Walter: "Well, I'm voting yes so if this guy next to me votes yes, you've got your vote."

Councilwoman Giglio: "I like your other idea."

Councilman Wooten: "I-- right, but I don't think the ACO is the problem at the shelter as much as it is the structure, the management but that's what we have to address."

Councilman Gabrielsen: "The point is we should restructure. Right."

Councilman Wooten: "But in any event, you're going to need the ACO so I vote yes."

The Vote (Cont'd.): "Dunleavy."

Councilman Dunleavy: "State law requires us to have an ACO. I've received a call on Jessica. Some people are concerned. But we just can't make these rash decisions.

I mean we've had quite a few people up there that volunteers don't like and they left or we transferred them. So every time I've been up there, Jessica to me is doing a good job.

So I'm going to vote yes."

The Vote (Cont'd.): "Walter, yes. The resolution is adopted."

Councilman Wooten: "But that's not to say that we're not going to address the issues that really are the problems"

#### Resolution #597

Councilwoman Giglio: "Appoints a part time homemaker to the seniors program. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #598

Councilman Dunleavy: "Awards bid for bio-diesel fuel 2012. So moved."

Councilman Wooten: "Seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy."

Councilman Dunleavy: "We're trying to go to bio-diesel to be-- for the environment, and so we had to bid out for bio-diesel to see who we can buy it from."

So I vote yes."

The Vote (Cont'd.): "Walter, yes. The resolution is adopted."

Resolution #599

Councilman Wooten: "Oh, the same company."

Awards bid for diesel fuel 2012. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #600

Councilman Gabrielsen: "Authorization to publish

advertisement for janitorial supplies for the town of Riverhead. So moved."

Councilwoman Giglio: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #601

Councilwoman Giglio: "Appoints a call in seasonal beach attendant to the recreation department. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #602

Councilman Dunleavy: "Ratifies the appointment of a fill in recreation aide chaperone to the recreation department. So moved."

Councilman Wooten: "Second."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #603

Councilman Wooten: "Appoints a call in seasonal beach attendant to the recreation department. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #604

Councilman Gabrielsen: "Appoints a scorekeeper level II to the recreation department for the softball program. So moved."

Councilwoman Giglio: "And seconded."

Supervisor, Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #605

Councilwoman Giglio: "Awards bid for removal and disposal of liquid sludge. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #606

Councilman Dunleavy: "Authorizes notice to bidders for sanitary sewer rehabilitation Riverhead sewer district contract No. RDSD 12-01S, So moved."

Councilman Wooten: "I'll second."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #607

Councilman Gabrielsen: "Authorize the town clerk to

publish and post public notice of public hearing to consider a proposed local law for an amendment to Chapter 101 entitled Vehicles and Traffic of the Riverhead town code, Section 101-7 turns - 7-11 driveway onto Roanoke Avenue. So moved."

Councilwoman Giglio: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

Councilwoman Giglio: "Are we going to table this- we were going to table this, weren't we?"

Councilman Dunleavy: "This is a hearing. This is going to public hearing."

Councilwoman Giglio: "I know. But do we want to?"

(Inaudible comment)

Councilman Dunleavy: "We already had a hearing on-- ."

(Inaudible comment)

Councilman Dunleavy: "The shopping center. Now we're going to have a hearing on 7-11."

Councilwoman Giglio: "Okay."

Diane Wilhelm: "All set?"

Councilwoman Giglio: "Yes."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy."

Councilman Dunleavy: "For safety reasons coming out of 7-11 to Roanoke Avenue, we're not going to allow a left turn because they have to go across two lanes of traffic, one is a turning lane onto 58. So we're going to limit it to right turn only and we're having a hearing on that on August-- September-- the 5<sup>th</sup> day of September, yes."

I vote yes."

The Vote (Cont'd.): "Walter, yes. The resolution is adopted."

Resolution #608

Councilman Wooten: "Adopts a local law amending Chapter 58 entitled Dogs of the Riverhead town code. So moved."

Councilwoman Giglio: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #609

Councilwoman Giglio: "Adopts a local law to amend chapter 52 entitled Building Construction of the Riverhead town code, deletion of Section 52-21 energy star requirements. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen."

Councilman Gabrielsen: "This will be the end of the home energy rating system created by LIPA. That was way out of hand in costing the homeowner, builder all kinds of money.

So I vote yes."

The Vote (Cont'd.): "Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #610

Councilman Dunleavy: "I'd like to make a motion to withdraw Resolution 610 because it was passed under Resolution 570. So moved."

Councilman Wooten: "I'll second."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. Resolution 610 is withdrawn."

Resolution #611

Councilman Wooten: "611 authorizes the reduction of a site plan security of 1074 Pulaski Street LLC. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #612

Councilman Gabrielsen: "Authorizes settlement of legal action by Anthony Wayne Smith. So moved."

Councilwoman Giglio: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio."

Councilwoman Giglio: "Yes, but there's a typo in the third whereas down, prior to commencement of trail-- instead of trial."

Yes, as amended."

The Vote (Cont'd.): Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #613

Councilwoman Giglio: "Authorizes the law firm of Smith, Finkelstein, Lundberg, Isler and Yakaboski, LLP to act as special counsel and authorizes the supervisor to execute a retainer agreement. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio."

Councilwoman Giglio: "I just had a question because there was no retainer agreement attached to this one and there was a retainer agreement attached to the other.

Is this at a rate of \$175 per hour?"

Robert Kozakiewicz: "Yes."

Councilwoman Giglio: "It is?"

Robert Kozakiewicz: "Yes."

Councilwoman Giglio: "Okay, yes."

The Vote (Cont'd.): "Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #614

Councilman Dunleavy: "Appoints Sinnreich, Kosakoff & Messina LLP as special counsel in the Matter of Great Rock Golf LLC, et al v. Town of Riverhead and the Town of Riverhead Planning Board. So moved."

Councilman Wooten: "Second."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, no; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #615

Councilman Wooten: "This authorizes the supervisor to execute an agreement with County of Suffolk Office of the Aging (AAA transportation program). So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #616

Councilman Gabrielsen: "Authorize Smith, Finkelstein, Lundberg, Isler and Yakaboski LLP to commence legal actions against Zurich Insurance Company and United National Insurance Company. So moved."

Councilwoman Giglio: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #617

Councilwoman Giglio: "Ratifies the position of a part time seasonal grant analyst to the recreation department. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #618

Councilman Dunleavy: "Authorize the supervisor to execute a license agreement with Suffolk County Real Property Tax Service Agency. So moved."

Councilman Wooten: "I'll second."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #619

Councilman Wooten: "Authorization to publish advertisement for a request for proposals for medical transportation billing and reimbursement services on behalf of the town of Riverhead ambulance district. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, no; Wooten."

Councilman Wooten: "RFP? Yes."

The Vote (Cont'd.): "Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #620

Councilman Gabrielsen: "Authorize the supervisor to execute an agreement with Family Service League for employee assistance program. So moved."

Councilwoman Giglio: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #621

Councilwoman Giglio: "Authorizes the supervisor to execute an agreement with Danny's Cesspool Service, Inc. for removal of all rubbish, weeds, grass and/or rank vegetation in excess of 10 inches upon real property known as 432 East Avenue, Riverhead, New York pursuant to Riverhead town code, Chapter 96. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy."

Councilman Dunleavy: "Yeah. It looks awful and this will go on the taxes of the property owner so it won't cost the town any money.

So I vote yes."

The Vote (Cont'd.): "Walter, yes. The resolution is adopted."

Resolution #622

Councilman Dunleavy: "Approves Chapter 90 application of Martha Clara Vineyards LLC (Octoberfest - beer and wine festival - September 8 and 9, 2012). So moved."

Councilman Wooten: "Second."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, no; Walter, yes. The resolution is adopted."

Resolution #623

Councilman Wooten: "Approves the Chapter 90 application of Martha Clara Vineyards LLC (overflow tent - July 20, 2012 through September 14, 2012). So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #624

Councilman Gabrielsen: "Approves Chapter 90 application of PC Richard & Son (tent sale - August 8 through August 21, 2012). So moved."

Councilwoman Giglio: "I'll second it."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy."

Councilman Dunleavy: "Yes. Actually they're putting a tent up today."

The Vote (Cont'd.): "Walter, yes. The resolution is adopted."

Resolution #625

Councilwoman Giglio: "Declares lead agency, classifies and determines significance of action Phase I Horton Avenue hazard mitigation grant and plan. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #626

Councilman Dunleavy: "Classifies action and declares lead agency on special permit of Rosa's Cafe and calls for a public hearing. So moved."

Councilman Wooten: "I'll second."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Dunleavy, yes."

Diane Wilhelm: "I'm out of order. I went out of order."

The Vote (Cont'd.): "Wooten, yes; Walter, yes. The resolution is adopted."

Resolution #627

Councilman Wooten: "Approves Chapter 90 application of Polish Town civic association (Polish Town street fair and festival - August 17, 18 and 19, 2012.) Three days. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy."

Councilman Dunleavy: "I just want to know are they supplying the insurance and all that stuff?"

Councilwoman Giglio: "Actually I just was checking that."

Councilman Dunleavy: "Okay, yes."

The Vote (Cont'd.): "Walter, yes. The resolution is adopted."

Councilwoman Giglio: "It says it has been received. The insurance has been received."

Robert Kozakiewicz: "That's the reason this resolution was done, was being held back, because the application was quite some time ago and we were waiting for all the insurance certificates to come in."

Councilman Dunleavy: "Okay."

Resolution #628

Councilman Gabrielsen: "Authorize town clerk to publish and post public notice to consider a local law to amend Chapter 64 entitled Fire Prevention of the Riverhead town code.

And I see we made the change to no charge under 400 feet. So we're good. So moved."

Councilwoman Giglio: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #629

Councilwoman Giglio: "Authorizes the supervisor to execute a rider to municipal cooperation agreement renewal No. 3 with the Riverhead Central School District regarding unleaded fuel services. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, I vote yes; Walter, yes. The resolution is adopted."

Resolution #630

Councilman Dunleavy: "Authorizes- authorization for the building department to waive application fees for East End Arts Council signs. So moved."

Councilman Wooten: "I'll second."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #631

Councilman Wooten: "This classifies action on special permit of Ottoman Enterprises, Inc. II and calls for a public hearing. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter."

Councilman Dunleavy: "This is the gas station."

Supervisor Walter: "Yes."

Diane Wilhelm: "Resolution is adopted."

Resolution #632

Councilman Gabrielsen: "Authorizes publication of public hearing notice for use of municipal facility. So moved."

Councilwoman Giglio: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten."

Councilman Wooten: "Yes to public hearing."

The Vote (Cont'd.): "Dunleavy, yes; Walter, yes."

Supervisor Walter: "I don't know why we have to do a public hearing. Is that required?"

Robert Kozakiewicz: "Well, I seem to remember in the old days when we used to do a generic resolution in the beginning of the year that used to authorize the use of public facilities by private individuals.

We didn't do it this year, so, it used to be a requirement in 64-7."

Supervisor Walter: "Yes."

Diane Wilhelm: "That's a yes. Resolution adopted."

Resolution #633

Councilwoman Giglio: "Authorizes community development department to prepare grant applications for New York State Department of Environmental Conservation clean vessel assistance funding and authorizes supervisor to sign contract. So moved."

Councilman Dunleavy: "And seconded."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #634

Councilman Dunleavy: "Authorize the town of Brookhaven to erect a maximum of four public information signs at the Wading River duck ponds regarding waterfowl feeding prohibition. So moved."

Councilman Wooten: "Seconded."

Supervisor Walter: "I'm going to have some discussion."

The only drawback to this, and I understand what they're doing, but people put those white- what are they, Peking ducks in there all the time. Do you know how many Peking ducks those white ducks- they don't know how to live on their own as far as I can tell. People feed them so I wish people wouldn't put the Peking ducks in there.

But if the people don't go down there and feed them when they do this, usually they wind up- probably get eaten by the racoons."

Councilman Dunleavy: "But this is only asking- "

Councilman Wooten: "In any event, I can't imagine having to go out and handcuff- "

Councilman Dunleavy: "-- it's only asking people, please don't feed them. It's just asking them not to feed them. So we- there's no resolution to punish anybody for feeding them. This is only asking them not to feed them."

Councilman Wooten: "Go ahead, Jodi. Let's hear your lines."

Supervisor Walter: "All right. Did we move and second? Vote please."

The Vote: "Giglio, yes; Gabrielsen."

Councilman Gabrielsen: "No. You've got to use it."

The Vote (Cont'd.): "Wooten."

Councilman Wooten: "This is the duck bill?"

Councilwoman Giglio: "That's my husband's."

Councilman Wooten: "Yes."

The Vote (Cont'd.): "Dunleavy, yes; Walter, yes. The resolution is adopted."

Resolution #635

Councilman Dunleavy: "Pay the bills. So moved."

Councilman Gabrielsen: "And seconded."

Supervisor Walter: "Moved and seconded. Wow, a lot of bills. Vote please."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes."

Diane Wilhelm: "The resolution is adopted."

Councilman Dunleavy: "I make a motion that we pull one off the floor for consideration of this town board. So moved.

Do you want to explain it?"

Supervisor Walter: "This is a resolution, Thomas Gallo selling his property to I guess it's Gershow and he's doing a site plan and he's cleaning the property up and he needs to do-import fill as part of the site plan and remediation- I don't want to say remediation in the town board sense, but as part of the site plan and they want to get this moving.

It's a benefit to the community and so they asked us to put this resolution- take it off the floor.

Can I get a second on this one?"

Councilman Wooten: "I'll second for the coming off the floor."

Councilman Dunleavy: "And we received \$30,000 and it's for importation of the sand, not exportation. So they're bringing sand in and paying us."

Councilman Gabrielsen: "I see \$2.00 per cubic foot-cubic yard."

Councilman Dunleavy: "Yeah, I still think that's too much."

Supervisor Walter: "The government gets them coming and going."

So moved and seconded as to taking it off the floor."

The Vote: "Giglio, yes; Gabrielsen, yes; Wooten, yes; Dunleavy, yes; Walter, yes. Resolution 636 is taken off the floor."

Resolution #636

Councilman Dunleavy: "I'd like to move grant excavation import permit as provided by Chapter 62 to Thomas F. Gallo. So moved."

Councilman Wooten: "I'll second."

Supervisor Walter: "Moved and seconded. Vote please."

The Vote: "Giglio."

Councilwoman Giglio: "Yes. He has obtained all the necessary permits from the New York State DEC and from water pollution prevention and also from our planning department."

So I'll vote yes."

The Vote (Cont'd.): "Gabrielsen, yes; Wooten."

Councilman Wooten: "My only question is when the importation's coming in, there will be site inspections as to what exactly is being brought in?"

Councilwoman Giglio: "The DEC- that's part of the DEC permit."

Councilman Wooten: "Okay. Yes."

The Vote (Cont'd.): "Dunleavy."

Councilman Dunleavy: "I vote yes. Even though Gershow is buying this, there's not going to be any cars stored there. This is only going to be a drop off for cars and then they're going to pick them up and transport them to Medford where they go through the crusher and do what they've got to do in Medford. This is only a drop off point for them.

I vote yes."

The Vote (Cont'd.): "Walter."

Supervisor Walter: "Yes. And thank you for the \$30,000."

Diane Wilhelm: "The resolution is adopted."

Supervisor Walter: "Okay. Now we open it up- Sal, I saw you raise your hand for comments."

Sal Mastropaolo: "Yeah, I missed a comment on one of them."

Supervisor Walter: "Which one was that?"

Sal Mastropaolo: "633. The fourth Whereas says Whereas the town of Riverhead desires to ensure that service at the stationary facilities remain uninterrupted at all times. Okay. And then we go on to say buy an extra motor so that we have one in case the one breaks down.

I mean we just bought this boat and motor and- "

Councilman Wooten: "Well we didn't buy it. The state

bought it."

Sal Mastropaolo: "Well, the state bought it."

Supervisor Walter: "No, no, this may be the old boat. We have two boats, a fairly old one and then the new one."

Councilman Dunleavy: "And this-- the stationary ones, we have two. We have one in South Jamesport and one on the (inaudible)."

Sal Mastropaolo: "Yeah. And what are you going to do with an outboard motor? How is that going to affect the stationary facility, that's my point. You're justifying it by-- "

Councilman Wooten: "This is for the pump out boats."

Sal Mastropaolo: "I understand that. But you're justification here says the town of Riverhead desires to ensure that service at the stationary facilities remain uninterrupted at all times. That's why we want to buy an extra motor?"

And then you're going to have to store the motor and hope that it doesn't get stolen."

Councilman Wooten: "What, the boat motor?"

Sal Mastropaolo: "Yeah."

Supervisor Walter: "It's not going to get stolen."

Sal Mastropaolo: "Isn't that the motor that you're talking about?"

Supervisor Walter: "The boat engine."

Sal Mastropaolo: "That's the impression I got that it was a boat engine."

Councilman Dunleavy: "It says here-- "

Councilman Wooten: "It's an outboard motor (inaudible)."

Councilman Dunleavy: "It says here \$9,000, 5,000 for the boat and 2,000 for land based facility. So I guess they're going to do something to the boat. I don't know what they're going to do but it's 5,000 for the boat."

Councilman Wooten: "I think— right. The sentence I think is— they're talking about the stationary facility but I think when they talk about uninterrupted (inaudible) by having an extra engine, they're talking about the general service to the boats and they're making sure that they're running."

Because they— those stationary ones also— the pump out uses them as well."

Sal Mastropaolo: "Yeah. Didn't you just say that we have more than one boat?"

Councilman Wooten: "We have two boats."

Councilman Dunleavy: "We have two boats."

Sal Mastropaolo: "And we run two at all times?"

Councilman Wooten: "No."

Supervisor Walter: "Because it's on the trailer and I noticed it today. I said why is that boat on the trailer— "

Sal Mastropaolo: "Well, then let me ask this question. If we have two boats and we only run one— "

Councilman Wooten: "We have one that runs the bay— well, we got the new boat. The older boat we put on a trailer and sometimes we have to— we put that out— Mattituck to go out to the Sound."

Supervisor Walter: "Joey, why are we buying a new boat engine? Please take the stand."

Councilwoman Giglio: "Or why are we asking you to get grant money to buy this?"

Joey Maiorana: "I was— we normally get operations and maintenance money every year and it's \$5,000 per boat and

\$2,000 for each facility and the engineering office had asked me if it was eligible under that but because it actually cost much more than that, my contact in Albany had said to apply for a separate grant.

This would assure us if something happened at either of these two facilities that we would have a working engine in place. It would assure that there was never any real off line time so there's nothing getting polluted into the waterfront and then the one that was previously broken would be fixed and that one would actually serve- "

Supervisor Walter: "Is it a boat engine?"

Councilman Wooten: "So it's not a boat engine?"

Joey Maiorana: "No. It's a- "

Supervisor Walter: "It's like a lift station or a boat- "

Joey Maiorana: "Yeah, exactly, yeah."

Supervisor Walter: "Okay. That makes sense. It's not a boat engine."

Sal Mastropaolo: "Thank you."

Supervisor Walter: "Okay, well that makes more sense. All right. Mr. Romano."

Steve Romano: "Good afternoon."

Supervisor Walter: "Good to see you."

Steve Romano: "Steve Romano. Good to see you. Can you explain why the town is suing Zurich and United Insurance Company?"

Supervisor Walter: "A gentleman a long time ago fell off one of our water tanks, a long time ago, probably 10 years ago or close to it, and got very injured and sometime in 2009 a judgment was taken against this town and they froze the accounts of the water department so the town was forced in

January of '10 or February of '10 because we couldn't make the payroll because they froze our accounts, we had to pay that judgment.

And so we have been without getting into too much- I mean it's public record- we have been trying to get our insurance companies carriers to indemnify us for this and they have not been willing to do it.

So we are now going to turn the heat up again."

Councilman Dunleavy: "It was a subcontractor and they were painting the tank and he fell off it and he sued us and the subcontractor- "

Steve Romano: "So if we're successful in the suit, it's a plus for the town."

Councilman Wooten: "Well, we get reimbursed. They (inaudible)."

Steve Romano: "How are we doing with the budget? By that I mean are we in the black, the red or neutral?"

Supervisor Walter: "Oh no. We're still in the red. What I can speak about is the 2011 budget because we went over the AUD, the financial audit is probably close to being done.

The 2011 budget we outperformed it in certain respects. There were- we budgeted for 2.6 million dollars in what I'm going to call one shot Grumman revenues to be infused to stabilize the budget.

We took in I believe- in a (inaudible) I believe we took in about 1.3 million dollars in other one shots so we only had to take 1.3 out so we're still in the black- or in the red.

I- some- for this year some revenue streams are up, I believe mortgage tax revenues are going to be up because I see a lot of closings taking place. But we're still not out of the hole.

We refinanced last year. We finally sold off all the '08 and '09 debt and the water district upgrade debt in '10. We

sold that last year, got a very favorable rate, yeah, it was November. We got a favorable rate of about 3% and then we refinanced about 38 million dollars in town debt and we got a discount for about-- to refinance it for 36 million and we usually average about 2%.

The problem is all the landfill debt service is now coming on and so we have five more years of increased debt service payments before it levels off so I'm hoping-- we're going to keep stabilizing the tax base, either the mortgage tax or something else will kick in or we will be on the downside in the next four or five years so that the landfill debt will finally be on the-- well, the town's overall debt picture will be declining and not increasing.

That's a long winded answer to we're not out of the woods yet."

Steve Romano: "Being we're not out of the woods, does the town have a plan if somehow we stay in the red and then by the end of the year you're in the red-- "

Supervisor Walter: "We have-- we still have-- now I'm-- 11, 10, 11 million dollars in Grumman sale proceeds."

Steve Romano: "So you could pull out of there if you had to?"

Supervisor Walter: "Yes. We've got enough to keep us going for the next four or five years. Really what has to happen is we need to get more tax ratables on-- the town-- you can't preserve as much property as we preserve without putting tax ratables on, and the really bad part-- if you want to know the really bad part, is the town set up a lot of condominiums. Condominiums don't pay-- they're not assessed the way a single family house is assessed. You know. You get the benefit of that."

Steve Romano: "I know. Definitely."

Supervisor Walter: "And they do-- they bring tax proceedings against the town and the tax proceeding, there is a moratorium after a number of years. They're all coming back due again. We could be facing a negative assessed evaluation."

That's about the worst thing that could happen to a town because that means we've declined-- our GNP if you will, is shrinking. It has not done that in the last three years that I've been here but I think we could be facing that. So that's a real problem for us.

You know, the bottom line is we need to get the Grumman project moving and we're working with the DEC. We'll get there."

Steve Romano: "A couple more things. When-- the police early retirement. Did I hear correct that the assistant town attorney said this is the fifth early retirement plan?"

Supervisor Walter: "Not for the police department. Town-wide. Town-wide. When we came in, we offered-- when I came in, we had many early retirements for the CSEA. We did several for the CSEA. We did several for the department heads. This is the second police department one.

And this one is targeted-- it's targeted to the PBA and there's a reason that it's targeted to the PBA. A lot of the PBA members don't have a lot of scat pay. So if we give them this retirement incentive, the payout of their sick time, their accumulated sick time if they're eligible, vacation time and things like that, it's not a lot.

So it's kind of targeted-- we will save significant money for at least five years if we get four or five officers to retire."

Steve Romano: "And the LED lights. I'm always suspect, although I think it's a great idea in energy savings, and I'm not sure how the town calculated how much electric they're going to save.

But my own personal experience buying these supposedly energy saving bulbs that are four or five times the cost of a regular bulb and yet I've had a couple of these things go out in a short period of time.

Now maybe I should have kept the package, maybe there is a warrantee and Council Gabrielson said something about a 10 year warrantee."

Councilman Gabrielsen: "It's a ten year warrantee on these. Yes."

Steve Romano: "Did the town actually calculate where we break even? Because I know those bulbs have to be a lot more money than the standard bulbs that are in there."

Supervisor Walter: "No, it's not a calculation. What the- LIPA- if you have a metal (inaudible) bulk, they charge "X". If you have mercury vapor, they charge "Y". If you have an LED, they charge "Z" and it's 25- 75% lower."

Steve Romano: "Really? So they don't go by the real consumption, they just go by the bulb?"

Councilman Gabrielsen: "Yeah, it's a big difference."

Councilman Dunleavy: "Plus, it's not just the savings. I was talking to our engineering department. The lights that we have on Main Street now go out fairly fast and once they come and fix one set of lights, another set- and they're very expensive."

These last longer and it's not as expensive as the lights we have there now. So we'll be saving money on our repair and purchases of new light bulbs."

Steve Romano: "What kind of bulbs do we have down there that go out that fast? Because I mean our bulbs- "

Councilman Dunleavy: "I don't know what kind but they're very expensive and they go out fast. Oh, he's raising his hand, he might know."

(Inaudible comment)

Councilman Dunleavy: "Right. If you go past the light stanchions, you'll see them brown. So those bulbs must really heat up and turn that- or whatever it is, plastic, brown so it really doesn't work anyway. So this is why we're changing that, too."

Steve Romano: "And are you concerned with- because I heard that they're going to re-do the sidewalks and the lights,

the state coming in, and I know what somebody said, don't worry, we can take the old, the top sections and put them- "

Councilman Dunleavy: "That's what engineering said."

Steve Romano: "I don't know. It really scares me. I can just see them things disappearing and- "

Supervisor Walter: "I won't let that happen. I'm going to hold off on signing this contract, the truth be told, until I get a DOT- "

Councilman Dunleavy: "Well, I just don't want- listen, we've been waiting six years now for these sidewalks to be fixed and if you want businesses to come to Riverhead, you have to have good sidewalks.

We gave the money to the State, now the State says that it will be done by July, 2013. I don't want to have a meeting in February, 2013 and the State says, okay, well now we can't start, we'll have to wait until '14 and I don't want that to happen.

So, you know, I want to have it finished by July of 2013.

And I asked engineering if we buy these bulbs- heads, and the State changes the stanchions and they assured me that these lights can be placed on the stanchions. If not there, we have stanchions in the parking lot in the back. So we can re-use these someplace and we're not throwing money away."

Steve Romano: "Oh, that's good. Last question. And I know this probably drives you guys crazy and I think it- are we keeping a running list of unfunded mandates from the County and the State and is there any communication yet between the town and the county and the state?

Allegedly Gov. Cuomo put together this commission. Because the 2% property tax cap is a great thing but without some relief on the unfunded mandates, it's a joke, because every meeting you guys are talking about another expenditure that you're not being reimbursed for and that's, you know, it's unfair."

Supervisor Walter: "I don't know that we have a running list. It would be almost- it would be very interesting to see what that number is.

I was asked to testify before Lt. Gov. Duffy and his commission three or four months ago and I- you know, they gave like a couple supervisors and a couple other elected and non-elected officials to come and I chose two things.

I spoke about our stormwater pollution prevention which costs us an exorbitant amount of money and I talked about- spoke about the (inaudible) 182 wildlife regulations that are kind of really crippling us at EPCAL and cripple other businesses and it was well received, you know.

I don't know what they're going to do with that."

Steve Romano: "Yeah, it would be nice- "

Councilman Dunleavy: "What really gets me aggravated is the state says they're saving taxpayers money and they receive their taxes on income tax and sales tax. They don't receive any money on property taxes. So they're going to save the taxpayers money by putting a 2% cap on everybody else who has to raise money going right down to our ambulance.

That's why now we have to start billing insurance companies for our ambulance service because medical services are expensive and if they keep buying supplies and they go on over 3,000 calls that we don't want our ambulance service to go downhill.

So the state says, yeah, we're going to save taxpayers on the backs of the small municipalities and us."

Steve Romano: "What happens if you don't comply like for that water testing, if you did it once a year? What would happen?"

Supervisor Walter: "We got to that point. I got a couple irate phone calls, you get fined."

Steve Romano: "Don't pay the fine."

Supervisor Walter: "No. We have a 200,000- is it a \$200,000 grant, Jill?"

Steve Romano: "Hey, we're getting sued, we're suing everybody else. Let them- "

Supervisor Walter: "The DEC awarded us a \$200,00 grant."

Steve Romano: "So they'll pull that back, okay."

Supervisor Walter: "And so- "

Steve Romano: "They get a little pricey."

Councilman Dunleavy: "That was for the closure of the landfill. And we closed the landfill years ago. We still haven't gotten that \$200,000 from the DEC."

Supervisor Walter: "Well, some of it is our fault."

Councilman Gabrielsen: "But the good news about the landfill is we're like probably within a week of awarding a bid for the solar farm there. We've got our RFP's, everything, the bids are in and we're close and that will be a positive. So that's just like maybe a week away, five days away."

Steve Romano: "Thank you."

Supervisor Walter: "All right. Thanks, Steve. How are you doing, sir?"

John Harrison: "John Harrison of Riverhead. Sorry to waste your time about this again."

I'm back for Corwin Street in Riverhead. After following the instruction of getting permits and getting it all straightened out, we were issued four tickets."

Supervisor Walter: "Yeah, I was wrong. You and I spoke on the phone."

John Harrison: "Yes. I took it upon myself to go talk to the town attorney who wasn't in that day and I talked to a deputy attorney."

Supervisor Walter: "He came in and spoke to me."

John Harrison: "Yeah, he- I told him that we were pre-empted in this before the tickets were written so he said that he would take care of all four tickets that were issued."

I just received in the mail, refuse- what is it- refuse to appear on one of the tickets."

Councilman Dunleavy: "Well, maybe you can- "

Councilman Wooten: "Give that to the town attorney."

Supervisor Walter: "The gentleman raising his hand in the back, can you hand that to him?"

John Harrison: "Okay. And on a separate note, he then informed me that these permits that were given to us by Mr. Coyne (phonetic), who is a great man. He is really good at his job by the way. He's very helpful."

Supervisor Walter: "He left."

John Harrison: "I was told that this is absolutely useless. It has to be made to make these- okay."

Supervisor Walter: "John, what I think we have to do is talk to code revision. Because where we made- I thought we had made it parking by permit only in front of your house. That's not the case. We made it no parking."

John Harrison: "It was supposed to- "

Councilman Dunleavy: "It's just for those hours, correct?"

John Harrison: "Yes."

Councilman Dunleavy: "Okay. Get that to the chief. I will talk to the chief. We're going to have to do something with the residents there because you may have three cars. So we have to do something with the resident."

This is for people who are going to visit the aquarium and

they were parking in front of your house and they were throwing garbage and stuff there.

So that has to be worked out."

John Harrison: "Okay. Well, what do we do in the interim?"

Supervisor Walter: "This is the guy you want to- "

John Harrison: "I don't think it's that big of a deal but the two cars that park on the street, they both work nights. So the cars are parked there during the day which is the problem."

Councilman Dunleavy: "I'm going to talk to the chief. Let the chief see what you have in your hand and give that letter to the chief. Okay?"

John Harrison: "Okay, great."

Supervisor Walter: "You don't have to wait for the board meeting to do this next time. Just come to- "

John Harrison: "Right. I'm just trying to be respectful and get a little information."

Councilman Dunleavy: "After the meeting chief, I want to talk to you. Okay?"

Councilman Wooten: "There's no parking on what, your side of the street?"

Councilman Dunleavy: "Yeah, between nine and five I think or ten and five."

John Harrison: "Ten and five."

Councilman Wooten: "Okay."

Supervisor Walter: "I thought we had made it parking by permit."

Robert Kozakiewicz: "No. It's no parking."

Councilman Dunleavy: "Okay. We have to work something out for the residents."

John Harrison: "Or you can change it to resident parking only. But I think- this was fine with us because it's pretty big and clear."

Supervisor Walter: "Except that it doesn't mean anything."

John Harrison: "Right. But we've been good. We've been trying to avoid it but I mean it's just a problem. Like my niece lives with us and she has to park you know five, six houses from us during the day when she comes home from work because there's just nowhere to park- "

Councilman Wooten: "The whole parking lot was filled up today (inaudible)."

John Harrison: "Take a ride down Ostrander."

Councilman Dunleavy: "Thank you."

Supervisor Walter: "All right. Thank you."

Claire Bennett: "Good afternoon. My name is Claire Bennett. I live on Oakwood Drive over in Manorville which I recognize some of you guys were talking after the fire.

Just two things. One real quick which I don't know if you have anything to do with it but we've heard that the well driller position in Suffolk County is actually slated to be cut. That's why we have not seen any action."

Supervisor Walter: "I don't think that's true."

Claire Bennett: "But anyway that's not my main point. I just- if that's true, you know- "

Supervisor Walter: "It was slated but I don't think it was."

(Inaudible comment)

Supervisor Walter: "Yeah. We're still moving forward. There's some— with getting those fire wells in, there's probably some more administrative or municipal issues with the county, the town and the fire district."

Claire Bennett: "And I'm about to add to that. Okay."

Councilman Dunleavy: "Well, I was at the last fire district meeting for town-wide and now there's a— we don't know who's going to pay for it. If each fire department that handles that area so there was a discussion at the commissioner's meeting on how it was going to be funded and they didn't know that, so they're going back to the county and find out who is responsible for funding these wells, whether it's the fire district that you're in or the towns themselves."

Claire Bennett: "Right. Just a quick joke on that. A case of beer and a good couple of those (inaudible). I know, a joke."

But this is not— what I really need to address with you guys is the ambulance service in that part of Riverhead.

I'm basically a healthy person but I have needed an ambulance three times in the last five years. The first time I needed an ambulance it took them 40 minutes to get to me."

Councilman Wooten: "Is that Riverhead ambulance or Manorville?"

Claire Bennett: "Riverhead ambulance. This is the issue. We live in Manorville-Riverhead. We pay Riverhead ambulance; we pay Manorville fire. Okay?"

So the first time I needed an ambulance it took them 40 minutes. All right? The second time I needed an ambulance for kidney stones, it took 40 minutes.

At that time, I wrote letters to you, Mr. Walters, Walter, sorry, and Levy, Romaine, I mean everybody that I can think of. Allese (phonetic), everybody. The only person I heard from was Romaine saying that he's a legislator and can't do anything about it.

And then I did get a responding e-mail from your office which says and this goes back to December 12, 2010. We are working on getting you an answer."

Councilman Dunleavy: "Okay. Can I answer that? Okay."

Claire Bennett: "One more thing. Last summer, I had a heart issue, needed another ambulance. My husband works in Hampton Bays- "

Councilman Dunleavy: "Right. I was going to say, he beat the ambulance."

Claire Bennett: "Yes, I talked to you about it. He got to my house before the ambulance got there and the ambulance was still not there for another 15 minutes.

Policeman finally came about five minutes after my husband got home. My husband begged the policeman, put my wife in the car and take her.

The other thing, in- the 4<sup>th</sup> of July I had my nephew with me for a week, my brother and his wife were out of town, eight year old boy. Knew something was wrong with him. I did not want to have to think about calling an ambulance. My eight year old nephew needed an emergency appendectomy.

I'm getting very emotional about this. Why can't we take these homes in this area-- the Manorville ambulance is eight minutes away. By the time the crew comes from Riverhead, and believe me I'm very grateful to the men and women that provide us with this service. Forty-five minutes, an eight year old boy, appendicitis."

Supervisor Walter: "We don't have a problem doing that."

Claire Bennett: "Why can't we pay our taxes to- I'm going to a Brookhaven town board meeting next."

Supervisor Walter: "No. It's the wrong meeting. You have to go- we'll- I think this board will do it. You've got to go- "

Claire Bennett: "I've gone to the ambulance people, I've

gone to- "

Supervisor Walter: "You have to go to the Manorville ambulance- the Manorville ambulance is run by the Manorville fire- "

Councilman Dunleavy: "No. Can I explain it to her? Here's the problem we're having. State- "

Claire Bennett: "I don't care what the problem is. I want it fixed."

Councilman Dunleavy: "I'm working on it. State law says that the Manorville ambulance can only stay within the town of Brookhaven. The Riverhead town ambulance can only stay within the town of Riverhead because they are taxed by the taxpayers."

Claire Bennett: "Right. And so take my taxes. I'll give you my taxes. Come to my house."

Councilman Dunleavy: "Yeah, but what we have to do and I know your plight and I've been talking to our ambulance that we have to- "

Claire Bennett: "Okay, well talk to me because I'm not hearing anything."

Councilman Dunleavy: "-- we have to contract with the Manorville ambulance to come over into Riverhead and to service our residents in Riverhead.

The problem with that is- also the fire department wants- when they have a fire in Manorville, they have no ambulance because Riverhead doesn't respond to alarms with the fire department like they do with Riverhead.

They also cover the whole- EPCAL. Now nobody wants to lose tax dollars. Riverhead town volunteer ambulance don't want to lose tax dollars, so we can't do it with the whole district. We only can do it partial with the residents up to River Road and- "

Claire Bennett: "You can take my \$76.00; I'll mail it to them."

Councilman Dunleavy: "That's in discussion. I thought we could just trade areas because we have areas over here in Riverhead that are closer to us than Manorville has. We can't do that. We have to contract."

Supervisor Walter: "John, is Manorville— does the fire district do the ambulance or is it— "

Councilman Wooten: "No. It's Brookhaven."

Councilman Dunleavy: "No. It's like Riverhead town volunteer ambulance. It's a separate— they have a district."

Supervisor Walter: "Bob, can you contact them or have somebody in your office contact them. It's a contract situation."

Councilman Dunleavy: "It's a contract situation."

Supervisor Walter: "I'd like— "

Councilman Wooten: "We're moving fire district lines now for EPCAL anyway. Why can't we move— emergency lines— "

Councilman Dunleavy: "No. State law says you can't do that."

Supervisor Walter: "Yeah. You have to have a certificate of necessity."

Councilman Dunleavy: "State law— can't do that."

Claire Bennett: "But I mean I've talked to the Hortons; I've talked to the Kriegers (phonetic). I mean everybody that I've talked to, they're all ready to start walking around the neighborhood and get signatures."

Councilman Dunleavy: "No. We have to contract."

Supervisor Walter: "I think we have an answer. Let's— wait, wait, let me finish this point so we can get this maybe done, maybe."

Bob, if it's— find out the details. I guess Dan McCormick

is your guy on this. Fine out if it's Manorville ambulance like at Brookhaven, town board is the ambulance commissioners the way we are.

I will reach out to Lesko's office and we can start a contract negotiations that if we get a 911 call, we can dispatch it to Manorville and we'll figure out what the fees are.

It's a no brainer. That's all it is. It's just an inter-municipal agreement. We can- I'll make a phone call and we will give it- John, you can follow up with- "

Councilman Dunleavy: "The problem with Manorville is they get their mail, they live in the town of Riverhead, but they get their mail in Manorville post office. So everything is Manorville.

Even when they had the fire the Brookhaven supervisor didn't know he was in the town of Riverhead. He thought he was still in- they call it Manorville, they think it's Brookhaven but where the fire was, was in the town of Riverhead."

Claire Bennett: "Same problem as in Commack. I grew up in Commack but there's a Huntington Commack, a Smithtown Commack. Yes."

Councilman Dunleavy: "We haven't forgot about you. We're just working that we have to convince people- "

Claire Bennett: "This thing with my nephew, eight years old, needing an appendectomy, I was not going to wait 45 minutes."

Councilman Dunleavy: "No, no, no. We just have to convince people to- when I heard- when you told me your husband had beat the ambulance, he was working in Hampton Bays, and he beat the ambulance to your house, I would say, yes, that's probably true because they're responding from Osborne Avenue."

Councilman Wooten: "How many residences are there?"

Claire Bennett: "On Oakwood Drive, there's 12. But in the general area there's 61."

Councilman Dunleavy: "No, I think there's 61. There's 61 residences there."

Claire Bennett: "Yes."

Supervisor Walter: "Okay, here's what we're going to do. We're going to find out if it's a contracting situation. Dan McCormick is the person you're going to contact. Is that okay, Bob, to have- "

Robert Kozakiewicz: "Sure."

Supervisor Walter: "Dan is the town attorney that does the ambulance stuff. So either Dan or John, you're going to keep in contact with both of them."

Councilman Dunleavy: "We'll work together."

Supervisor Walter: "And if it's a contracting situation, I've got to call Supervisor Lesko or the deputy Bender (phonetic) over there, I'll call. It's not a big deal, if it's a contract, if it's a fee for service or something we can take care of it.

Maybe they want to take over, you know, there are other things we're working with Brookhaven right now so that will maybe solve that."

Claire Bennett: "All right, one other thing. Again, I don't know if there's anything you can do about this. But the last time which was 2010 when I e-mailed everybody, I did also- "

Supervisor Walter: "I'm surprised that we have that e-mail. Who wrote that back?"

Claire Bennett: "This is what I got from your office."

Supervisor Walter: "Give that to Jill. Jill, just raise your hand."

Claire Bennett: "It just says we are working on getting you an answer. This is from 2/12/10 and the e-mail was

forwarded to the chief of police, Sean Walter- "

Councilman Wooten: "Once it goes over there, it's gone."

Claire Bennett: "But it went to him first. Well, not for nothing, this is my point. I heard from the police. I came down to the police station, had a very nice meeting with a lieutenant over there. We sat down for a good 45 minutes.

What we discovered and this is another part that you may not be able to do anything about but it's all the 911 system which who knows what that whole bailiwick is.

But he did because the first two times the ambulance was late, they also got lost. What it is, is when you do a reverse call or when you used to be able to do a reverse call on my phone number, my personal home phone number, on the police cars, on the ambulances, it would come up Oakwood Drive, Calverton. Not Oakwood Drive, Manorville."

Councilman Wooten: "All right."

Claire Bennett: "Since then I have gone and I talked to the lieutenant, I don't know what his name was, and then I also- he said you have to call the phone company. The police can't do anything about fixing that phone number."

Councilman Wooten: "That's Verizon."

Claire Bennett: "So I called the phone company. I said what does it say when you do a reverse call? Oh, it says Calverton. I'm not Calverton. I'm Manorville, okay. But at the same time I mentioned it to all my neighbors, whether or not they listened to me I have no idea, but there's now six little kids on- seven little kids on my street between the age of 12 and 2. (Inaudible), babies, everybody, you know. Everybody has been multiplying over there, the young couples.

But, anyway- "

Supervisor Walter: "All right. Well- "

Claire Bennett: "There's no- the 911 thing is all messed over there, too, the emergency. When my husband needed to call

the ambulance he said please do not get me Riverhead ambulance and it's all automatic. They push a button, it goes to wherever, so it's also— there's something wrong with the way those 911 calls are— "

Councilman Wooten: "Well, it's like the outskirts of town is like that. It's like that in Wading River, it's like that in Jamesport, Laurel."

Claire Bennett: "Yeah. So there is no guess, Oakwood, I mean you know, that's even like Oakwood Drive. Tax map says Oakwood Drive, Oakwood Street and Smiths Lane. So I mean we don't even know what street we live on."

Supervisor Walter: "Well, we'll see if we can contract out which might make it better. I don't know how we fixed the Verizon 911 situation."

Claire Bennett: "That's— I have no idea but the 911 system is not right in that whole section, still."

Supervisor Walter: "I could write a letter to Verizon."

Claire Bennett: "Like if you were to get, you know, the police can do that reverse dial up, find out where the number came from, it's coming up wrong."

Supervisor Walter: "All right. Give the deputy supervisor your information. Maybe we'll send a letter to Verizon just to make sure that they— "

Claire Bennett: "They need individual homeowners and, you know, I mean I told as many people as I could but if they don't do it on their own, I have no control."

Supervisor Walter: "All right."

Claire Bennett: "But thank you for your time and I look forward to hearing from you."

Supervisor Walter: "Sorry you had to wait two hours for that."

Councilman Wooten: "Take care of your heart, too,

please."

Claire Bennett: "Well, (inaudible)."

Supervisor Walter: "Does anybody else wish to be heard tonight-- today. Not seeing anybody we'll adjourn the meeting thank you for coming.

All in favor, motion to adjourn. All in favor."

Collective response: "Aye."

Meeting adjourned: 4:00 p.m.

*Claire Bennett*  
*Town Clerk*
